

### ***Musicians Wanted***

Posted by [Von Voodoo](#) on **Friday, January 25th at 03:08 PM**

We, (Von Voodoo) are looking for a drummer. We formed a couple months ago and we're working on some songs now. We had a drummer but it seems like everyone turns out to be pussies these days. If you know of anyone looking for a band that would fit let us know. We practice in Franklin, MA unless you have a better practice space. We are not going to be a band that rips off the sound of others but some of things that we dig the energy of are GG Allin, The Misfits, Cramps, Black Flag etc.. CALL 774-571-3015 now if you're not a pussy. [www.myspace.com/vonvoodoooband](http://www.myspace.com/vonvoodoooband)
