I'm Nemo Void. I just opened my own alt nude modeling site, nemovoid.com! This is 100% DIY: designed, programmed, modeled for, and edited entirely by me. Featuring new photosets monthly, message boards, daily journal updates, contests/giveaways, and more! So screw the corporate crap and come support some genuine, original eyecandy from a girl who sees alt modeling not as a simple day-job but as a fun, exciting means to stimulate myself and others!
