Supernova Entertainment is coming to the last leg of our OUT OF THE GARAGE US-wide battle of the bands. We have one last local qualifying round coming up to get into the finals, and weâ€™re looking for a few good, hard working, rockinâ€™ bands to come out and try to win. We have great prizes at every level of the competition to be won, including the grand-national-prize of a gig down in Miami that weâ€™re flying the winner out to play. This is a great opportunity to get some great exposure for your band to other bands in your area, new fans, and industry professionals. Check out our website at [www.supernova.com](http://www.supernova.com) and/or shoot me an email soon, and we can get you guys all good to go. Looking forward to hearing from you and your band.
