Title : Urban Jungle

Lyrics :

I'm trapped in an urban jungle
I feel like a prisoner, I can't get away
I am trapped in an urban jungle
It's survival everyday

It's an urban jungle
Can't get away
It's an urban jungle
It's all dark and grey

Living in the city is no fun
Living with the junkies and their guns
People die in agony everyday
Living in the city is all dark and grey

It's an urban jungle
Can't get away
It's an urban jungle
It's all dark and grey

Kids have an attitude nowadays
but they are content got nothing to say
they don't care about injustice on this earth
they care more about the marks on their shirts

It's an urban jungle
Can't get away
It's an urban jungle
It's all dark and grey

It's an urban jungle
Can't get away
It's an urban jungle
It's all dark and grey
