**Title :** Bottle of Beer

**Lyrics :**

Sitting at a square, drinking beer  
I lost my fear and the cops are here.  
Now I wanna start a RIOT!

Sitting at a square with all the punx  
We are having fun and we are drunk  
We gonna start a RIOT!

Hanging around with a bottle of beer  
A little bit of beer is not bad for me  
There is the police, they know you see  
A little bit of beer is bad for me

Sitting at a square, drinking beer  
I lost my fear and the cops are here.  
Now we gonna start a RIOT!

Hanging around with a bottle of beer  
A little bit of beer is not bad for me  
There is the police, they know you see  
A little bit of beer is bad for me

Sitting at a square with all the punx  
We're getting drunk and we're having fun  
We gonna start a RIOT!

Hanging around with a bottle of beer  
A little bit of beer is not bad for me  
There is the police, they know you see  
A little bit of beer is bad for me  
Hanging around with a bottle of beer  
A little bit of beer is not bad for me  
There is the police, they know you see  
A little bit of beer is bad for me
