**Lyrics :**

You're 17, got no home  
In this big city you are all alone  
Your life is just one action thing  
It ain't no fun, you will never win  
No one will ever cooperate  
your only fun is to masturbate

Bummer '98, a city full of hate  
Bummer '98, all the kids are filled with rage  
Bummer '98, we must do something now  
Bummer '98, before they take us down

Oh Rotterdam you boring town  
We want more action here around  
All your pubs, they close at two  
No more money and it's raining too  
For all the kids are on some dope  
music and terror is their only hope

Bummer '98, a city full of hate  
Bummer '98, all the kids are filled with rage  
Bummer '98, we must do something now  
Bummer '98, before they take us down

All the kids are on some dope  
music and terror is their only hope  
For all the kids in our home town  
we have to unite before they take us down  
Together we can stand the force  
of cameras, police are fucking whores

Bummer '98, a city full of hate  
Bummer '98, all the kids are filled with rage  
Bummer '98, we must do something now  
Bummer '98, before they take us down

You're 17, got no home  
In this big city you are all alone  
Your life is just one action thing  
It ain't no fun, you will never win  
No one will ever cooperate  
your only fun is to masturbate

Bummer '98, a city full of hate  
Bummer '98, all the kids are filled with rage  
Bummer '98, we must do something now  
Bummer '98, before they take us down
