Title : The Time To Test Their Power Is Now

Lyrics :

The time has come for the human race
to take responsibility and pick up the pace
its time that we took our freedom back
together we will win, cause the structure to crack

Direct action is a necessary component
to exterminate the fascist opponent
smash the window, kick in the door
weve wasted enough time, now we know the score

Jump through the fence in the middle on the night
free the prisoned animals from their terrible plight
grab your snips and cut through the razor wire
free political prisoners like jeff 'Free' Luers and Robert Joyner

A brick through a window just aint enough
dont get me wrong it aint bad off the cuff
but we need to push and strive for more
if your gonna smash the window, kick in the fucking door

Enough is enough, weve had enough of this shit
will you stand up with us or continue to sit?
the time is here, and here is right now
will you stand out of line, or continue to bow?
We must unite to break their oppressive control
we have to make them pay, they must pay the toll
through the thick and the thin...
yes through the thick and the thin we shall break....
THROUGH!

Direct Action! - kill the Faction now!
