Title : Work All Day

Lyrics :

Work all day dont get paid (nar nar nar nar nar) x4

Just beacuse your first class
You can shove it up your arse
popularity wont get your far
Driving in your Flashy car

Well dont you think we have the rite to wear what we choose,
Us the Rats dont give a shit were not out to prove to you,
Drinking until we hit the floor we fucking love our booz,
Dont ever tell me what to do or pic me up when i lose,

"Well helo there my name is Ross
All my mates they think i'm boss
Burbry hat rock port shoes
All this money i carnt loose"
