NICE GUY

I'd be such a nice guy if everything was free  
I'd never steal or shoplift, no not me  
But nothing is free here, far from it  
Everything I see got price tack on it  
I'll loot this fucking shopping mall  
Because this anarchist isn't nice at all

I'd be such a nice guy if I wasn't being watched  
Constantly monitored and spied on so much  
But it's not like that and I really, really hate  
To live in nineteeneightyfour police state  
I'll rip those cameras off the wall  
Because this anarchist isn't nice at all

I'd be such a nice guy if there were no cops  
I'd never act bad and never throw rocks  
But it's crawling with pigs, all over the place  
And they have guns, truncheons and mace  
I won't respect their uniforms  
Because this anarchist isn't nice at all

I'd be such a nice guy if there were no jails  
With forgotten prisoners in little dark cells  
But more jails are built and no-one listens  
To those who are rotting in the state prisons  
I'll laugh the day the last prison wall falls  
This anarchist isn't nice at all

I'd be such a nice guy if there were no nations  
No borders and walls and forced deportations  
But it seems that people doesn't wish to be free  
Of the poison that is called nationality  
I won't eat that pill, I'll bite and brawl  
This anarchist isn't nice at all

I'd be such a nice guy if there were no government  
I'd govern myself and be oh-so-tolerant  
I'd think for myself and most people would too  
If the shitheads in power didn't tell them what to do  
I won't be bought, I won't conform  
This anarchist isn't nice at all
