**Title :** when dreams turn to nightmares

**Lyrics :**

VERSE

late at night  
when you want to dream  
we will find you  
we don't want anyone to dream  
because ours failed  
suffocated by you  
but don't worry

CHORUS

we will find you  
because thats what we do  
don't worry  
have no fear  
we are dream whisperers  
we are here

VERSE

it may seem hard sometimes  
living in a dream world  
but i promise you  
it ends tonight  
but don't worry  
have no fear  
don't worry

CHORUS

(end)
