Title : painted black

Lyrics :

VERSE

i know i may not be perfect
but at least
i can deal
maybe you want me to be
but it can never be
tears streaming down her face
as she crys
dont do it
no dont do it

CHORUS

painted black
darkness
and sinister
in her face
trying hard not to cry
because everyone jeers goth

VERSE

she asks them not to label her
but the calls stil come
goth
she crys
no no no
you got it all wrong
oh so wrong
never
ever
have i been
labeled in my sleep

CHORUS

VERSE

so that why
i hate the world
because it labels me
and it bothers me
because all those rap fans
hate me
and they don't even know me

CHORUS
