Title : Save me from this world

Lyrics :

VERSE

My lifes f*cked up,
noway of going back to how it was,
my family think its stupid
just because i listen to rock...

CHORUS

get me out of this world,
get me out now,
no-ones here to save me,
from my f*cking mother whos a cow...

VERSE

no one can relate to me
just coz they think im f*cked up
its not my fault
that im different from the rest of my family

CHORUS

VERSE

they feel like they dont know me anymore,
but thats not true,
they just cant be bothered to get to know me
just cause i listen to rock and not rap...

CHORUS

VERSE

My brothers take the p*ss,
i slit my wrists to try and forget my life,
but it doesn't work...

CHORUS

VERSE

I was in the hospital the other day
cause i slit my wrists and could not breath,
my parents had a go at me,
so i didnt listen...
the next day they found me lying on the floor
with a knife in my hand and blood everywhere...

CHORUS

(end)
