Title : Middle Ground

Lyrics :

Aint got no money, so what, Im broke. You stay at home and you fuckin croak. What the fuck do I want inside?! Im out to live, I wanna ride. And hey, stagnation aint for me, you can keep your down time I wanna hit the streets. Boys and girls, a night out on the town is what Im lookin for so you can keep your middle ground. What I want and what you think I need are definatly not the same. Yeah some may say that its my duty, thats bullshit under a different name.

Cuz Im living for the weekend, and Im swimming in the deepend. How I wish you only knew. To whom it cant be shown, to those who cant escape to carlessness, your missing the point of being alive, you wanna have fun but you dont fuckin try.

Its friday night and youre all alone, youd calla friend but no ones home. Another noight of couch filled fun yet you wish you werent the only one. The city lights are callin me, they're callin out for you to see. Im on a mission Im look in for something new for you AND me. Man oh man, come on kid look alive, get out and and fuck, have fun cuz soon you're gonna die! Someday soon I hope the scenes unite, then we'll go party in the streets and go ou tinto the night.

And I think there's nothing better in this world than knowing a city, than feeling the concrete in the air. Yes you've got a life and when we die youll see that we dint fucking L!e!
