Title : DIAL 911

Lyrics :

I am walking to the bar that I know
the only dive in town where I go
I see my friends are breaking bottles
Everybody is gone
and I see someone dials
Dials 911
Yeah.
I've been bent from bars
and places that I like
And I see I walk into the trouble
Again next to this dive
All my friends are here
and they never run
-and- I know the cops are
almost here
Cuz they dialed 911
Who's gonna pay the windows here
Dial 911!
Who's gonna pay the unpaid bill
Dial 911!
Who's gonna pay the windows here
Dial 911!
Who's gonna drink one more beer
Dial 911!
I see the cops are here
They turn into the street
A friend of mine is runnin'
He left behind his teeth
I've been bent from bars!
and places that I like!
And I see I walked into the trouble
Again next to this dive
