Title : LOVE AND HATE

Lyrics :

They gave me the life
But they didn't want me there
Showed me the way out and
Never asked me back
I was walking on my own
and telling to myself
I wasn't born to give it up
and I will find my share
Some dreams never come
some friends of mine are gone
I play my simple game
You call it hate and love
I walk if I am hurt
I am talking if you need
I see into your mind
I know you 'cuz I read
I play love and hate
I can't see heaven's gate
I play love and hate
I loosing all my faith
They gave you the life
But they didn't want you there
Showed you the way out and
Never asked you back
Some dreams never come
some friends of yours are gone
you play your simple game
I call it love and hate
