Title : killing spree

Lyrics :

alienated against my own will
no body cares about how i feel
this world is so full of shit
and your all a bunch of hipocrites woooo

run to the hills and dont look back
if courage is what you lack
im on a spree its time to kill
may i remind you
ITS AGAINST MY WILL

the end for me its over
disconcerting whats right
mindles and twisted
lets get up and.....FIGHT

now lets get things back in order
pulverising my disorder
lock up your wife, hid your daughter
ill crawl into a shadowed corner woo
