Title : No fucking doubt

Lyrics :

NO FUCKIN'™ DOUBT

No fuckin' doubt I want to live my life far from you
forever and I want fight you again today and not together

and my heart hates you and my life hates me FUCK YOU!
but in the end I fuck me
I can't run away I have to stay here FUCK YOU!
fuck everybody.

Oh soul be changed into little water drops
the clock will strike and the devil will come
so please turn off the light I don't want get up today
again again

and my heart hates you and my life hates me FUCK YOU!
but in the end I fuck me
I can't run away i have to stay here FUCK YOU!
fuck everybody
fuck you YOU! fuck you YOU! fuck you YOU! fuck you YOU!
and my heart hates you and my life hates me FUCK YOU!
but in the end i fuck me
I can't run away I have to stay here fuck you
fuck everybody.
