**Title :** Hometown Stupid Queen

**Lyrics :**

She's the hometown pageant queen  
With a shiny plastic sheen  
No brains, no thoughts  
She's an empty shell

Where do you think you're gonna be in twenty years?  
Will you ever amount to anything?  
Is the world gonna fold right out before you?  
My little hometown stupid queen

He's a high school football stud  
Honored and beloved  
But one day he'll get really fat  
And no one cares

Do you think that I'm a lazy bastard?  
Honey, take a long look in the mirror  
And look down, deep deep down inside you  
And you find out that I'm your biggest fear
