Title : Gone Wrong (Late Night Ride)

Lyrics :

I can't close my eyes and run away
Can't look myself in the face
Couldn't keep so calm and this time
I know he's down in the right place
Pictures, qualities and photographs
They won't mean anything to me
I don't remember what I never cared about
Now no one's happier than me

Tell me how have I gone wrong
Just like the words you say to me
There is nowhere I call home
So close the door and leave me be

I sit around and stare at nothing
Remembering what have I just done
Remember when, so many years ago
I said I can't hurt anyone
Did I miss a point in my life
When I was made to be set free
Now it hurts me more than anything
Why he did it all to me

(Chorus)

(Solo)
