**Title :** About A Plane Crash

**Lyrics :**

Flying so high

You look up at him, you look at me  
Even if I could fly, you look at me  
Flying so high

So, you look up at your maker, you're almost gone  
You're almost there, You're almost gone  
I wont be nothing, turn back!

Closed your eyes because you looked so terrified  
Don't look down, look and see  
We have never been in a locked off heart-attack, this is  
our deathbed

This is life ina plane crash  
You look outside, your causing these wings to give  
This is life in a plane crash

Relax(3x)  
This will be, you can see

Slowly dont you see we are... quit annoying me  
Quit, look before you see, scream away from me,  
away from me  
Scream away from me, scream away toward this

And this will be the most beautiful day(4x)
