**Title :** Gonna Get You

**Lyrics :**

the tv and radio make play by their rules  
sacrificing quality for density control  
fuck mtv 1 2 3 4  
turn off that shit and get on the dance floor

if you cant hide you better run  
its hot on your back destroying freedom  
maybe you can avoid whats coming to you  
if not! if not! its gonna fucking get you!  
your mind will be trapped spoiled and tammed  
the freedom of your thought soon will be slain  
give in to the animal instinct  
obey! obey! only what you think

fight for your freedom  
fight for your thought  
fight for the children who never learned wrong

gonna get you
