**Title :** Brain Rot

**Lyrics :**

few too many times ive played in the wrong situation  
too many times people dont come out to hear our conversation  
we have something to say whether you like it or not  
but do what you please stay at home and let your brain rot

let your brain rot

rot!

when i was a young boy my mom said watching too much tv would rot my brain  
so i stayed away from it i think thats what kept me sane  
we have something to say whether you like it or not  
but you please stay at home and let your brain rot.

let your brain rot

rot!
