Title : Mathilda

Lyrics :

dear mathilda you should have known
i wrote you a letter long time ago
now its tearing you up inside
you are in too deep this you can not deny
reasons for silent treatment is gone
i know its hard but you have to carry on
you have taken your time destroying yourself
never needed anybodys help

dear mathilda looking good
down in the mud, misunderstood
dear mathilda all fucked up
it was all so fun but never enough

dear mathilda it might not be too late
evendough life dont seem too great
listening to me might bring a little hope
pull your head away from the rope
your addiction much like the tide
when all tied up useless to hide
give me some i will give you all
save you from the unavoidable fall

dear mathilda cares a lot
but too much cocain, too much pot
dear mathilda all fucked up
a little reefers allright but then you should top
