Title : Inject the ressurection

Lyrics :

Why can't you see, you'll never be me
No matter how much you work out
You will always be in doubt
You're body is a ageing wreck
Even worse it's gonna get
But by then it's too late
To regret you're a mess
Put it in, right through your skin
You are growing bigger
Now am I supposed to bow?
Much to loose for short time gain
You are all insane
One thing is getting smaller
It's your brain

I used to feel so small, all my friends on steroids
Now I don't care at all, they're walking just like androids
I will rise and they will fall, all my friends on steroids
They are all out of control

You think that you're a perfect fit
Your dick is sized like an average clit
Are you supposed to see me here?
It sure as hell isn't you I fear
I'll break you down by remaining you
How it used to be
Hear me out, later you can scream
And shout, I'm going to tell you
What's it all about
Your lack of self esteem almost
Broke all your dreams
At least you're feeling better now
Or so it seems

I used to feel so small, all my friends on steroids
Now I don't care at all, they're walking just like androids
I will rise and they will fall, all my friends on steroids
They are all out of control
