Title : Anarchy in the Parking Lot

Lyrics :

Anarchy in the Parking Lot

written and copyrighted by Rob Davis on September 15, 2006

Hey you sitting in your chair
I can tell that you don't care
That's fine if you like to lose
And you like to be abused

Sitting idly by
And I don't know why
Perfect for control
The establishment goal

We need anarchy in the parking lot
We need anarchy in your speech and your thoughts
We need anarchy out in the street
We need anarchy in everybody you meet

Your life is run by what dead men say
Nothing gets in the government's way
When nobody gives a damn
We all lose to Uncle Sam

This is heavy-handed
But still you know you're stranded
In a society of lies
It's right before your eyes

We need anarchy in the parking lot
We need anarchy in your speech and your thoughts
We need anarchy out in the street
We need anarchy in everybody you meet
break

Hatred, oppression, fear, and wars
In this country that's par for the course
Do what you want and not what you're told
Before it's too late and before you're too old

We've still got a chance
Wake up from your trance
Problems can be solved
When you get involved

We need anarchy in the parking lot
We need anarchy in your speech and your thoughts
We need anarchy out in the street

We need anarchy in everybody you meet
