Title : Negative Memory

Lyrics :

I cant remember anything about you
I cant remember anything about it
I cant remember anything about me
Cause I have negative memory

You can say to stop it but ill remember otherwise
You can say to play it but ill rewind it then
You can say that i aint good enough
But i say you think im great

I dont remember anything
Yet its just the opposite
All I can remember is I say
ITS JUST MY Negative Memory
All dusty and alone
MY Negative Memory

Belive in me and ill think not
Give me an F and I pass
Insult me and ill thank you
You hate me yet theres love

Add another number, subtracting is my game
Ask me to spell a word ill turn it all around
You can say I aint good enough
But I say you think im great

I dont remember anything
Yet its just the opposite
All I can remember is I say
ITS JUST MY Negative Memory
All dusty and alone
MY Negative Memory

guitar solo

I dont remember anything
Yet its just the opposite
All I can remember is I say
ITS JUST MY Negative Memory
All dusty and alone
MY Negative Memory

I dont remember anything
Yet its just the opposite

All i can remember is i say
ITS JUST MY Negative Memory
All dusty and alone
MY Negative Memory

Its my Negative Memory
(negative memory)
