Title : Subdivide

Lyrics :

wartorn
victim
tortured
dying in the name of God
malevolent
church and state
chained minds
the ties that bind and subdivide
onward
to the end
of our lives
pre-programmed by lust for power
you'll be the sheep
because those in control are the wolves
it's the end
of all life
ushered in by greed and fear
you'll be the sheep
because those in control are the wolves
!!!
casualty
warmachine
the ties that bind and subdivide
malevolent
church and state
chained minds
when our paths cross we subdivide
onward
to the end
of our lives
pre-programmed by lust for power
you'll be the sheep
because those in control are the wolves
it's the end
of all life
ushered in by greed and fear
you'll be the sheep
because those in control are the wolves
