**Title :** Bloodflow

**Lyrics :**

blood will flow  
200 children, like lemmings  
over you go  
off the cliffs onto the rocks below  
sacrificed to a god of the corn  
blood will flow  
for a sun god, flesh will burn  
and their blood will boil  
blood will flow  
off the cliffs onto the rocks below  
blood will flow  
flesh will burn blood will boil  
Civilizations, never changing  
religion and culture, destroying one another  
...again...  
the blood flows  
as we feed more bodies  
to the beast of war  
blood will flow  
from each and every orifice and pore  
when the white man  
came to shore  
all the tribes agreed  
religion is total war  
blood will flow  
feed more bodies  
to the beast of war  
blood will flow  
because religion is total war  
Civilizations, never changing  
religion and culture, destroying one another  
again...  
blood will flow  
feed more bodies to the beast of war  
blood will flow  
off the cliffs onto the rocks below  
blood will flow  
because religion is total war
