Title : Leeches

Lyrics :

born in a land of confidence - dying of disease
paralyzed and standing tall
but rotting at the knees
the leeches are speechless
soon to be uncovered
its the weight of fattened lamb
broken will smoking mirrors - poison slight of hand
the leeches are speechless
the leeches are speechless
we look to the sky - consume be silent die
won't
ask the questions why
consume be silent die
we
we look to the sky - consume be silent die
die
consume be silent
die
suck the blood of freedom
there's more than meets the eye
seen the light to weak to fight
for smoke and mirror lie
the leeches are speechless
the leeches are speechless
we look to the sky - consume be silent die
won't
ask the question why
consume be silent die
we
we look to the sky - consume be silent die
die
consume be silent die
die
try to cut the quick to the sound of the free
but we're hobbled running marathons
like an amputee
the leeches are speechless
the leeches are speechless
!!!
the leeches are speechless
!!!
consume be silent die
