Title : Always Watching

Lyrics :

Intro:

They take our rights
They take our freedom
Our only defence
To commit treason

Our Freedom!
Is At Stake!
Wake up Australia!

Verse 1:

Its Two-Thousand and Six, strangely it feels like Nine-Teen Eighty Four!
Are we living in a democratic state anymore?
They tell us yes, but common sense knows better
This is a state signed and sealed vendetta

Chorus:

"We will never grant the right to freedom of speech"
"We will stop at nothing to keep your freedom out of reach"
A terrorist state the commonwealth of Australia created
The terror began with legislation that they instated

Verse 2:

Thought crime is now in effect, yes make no mistake
Sedition laws make your thoughts property of the state
ASIO powers giving total control the the right wing
Never forget that they are always watching!

chorus:

Bridge:

Sur-vei-lance. out of control!
Re-sis-tance. Our final goal!

Verse 3:

Surveillance cameras watching every single move you make
"Intelligence" teams documenting every step that you take
Were told its for our protection, to fight the "terrorist threat"
Have you set up a fucking surveillance team at kirribilli yet?

chorus:

Breakdown:

They take our rights
They take our freedom
Our only defence
To commit treason

Verse 4:

Its still Two-Thousand and Six, it still feels like Nine-Teen Eighty Four!

Does anybody still care anymore?

They say no, but common sense knows better

Its our choice to fight or surrender!
