Title : My Best Friends Sister

Lyrics :

my best friends sisters everything
i know she'll never notice me
its summer so shes always out
well i guess im losing now
shes always playing with her hair
her boyfriend doesnt even care
she says shes always feeling down
i think its time that i went round

cos i fell in love with my my best friends sister
and i got no luck so i'll never kiss her
and i cant forget the day i met
my best friends sister

i guess her brothers kinda weird
he hasnt been laid in three years
my dreams are coming thick and fast
but i no i got no chance
her boyfriends 30 and he works
everyone knows hes a jerk
hes a pompus little git
when hes round hes talking shit!

repeat chorus
