Title : She (taking the subway pt. 2)

Lyrics :

I saw you on the EL train
You smiled, I said what a shame
I didn't know your name.

I saw you later in the park
Walked up to you, said "Hey, my name's Mark"
And you smiled in that amazing way you do

CHORUS:

I'm taking the subway
I'm taking it with you
there's only room for two!

I'm thinking about you
I want to be with you
I'm so lost without you
