Title : Damn

Lyrics :

Damn We Really Fucked Up

Written By: By All Means Necessary

Verse 1:

Iâ€™d go down with you, Iâ€™d take the fall with you

But if we were smart we wouldnâ€™t have to

Cause we can get away, we can evade the law

We almost pulled it off, butâ€¦!

Chorus:

Damn we really fucked up

We really really did it this time

We almost got away

Must have been out of my mind

But they kicked down the door

With guns raised in the air

Damn we really fucked up

And we donâ€™t even care, no we donâ€™t even care!

Cross down to Mexico, take it any way but slow

Only thing on our minds is where our night would go

Cause we can get away, yeah weâ€™ll show them all whatâ€™s up

We almost pulled it off, butâ€¦!

Chorus:

Damn we really fucked up

We really really did it this time

We almost got away

Must have been out of my mind

But they kicked down the door

With guns raised in the air

Damn we really fucked up

And we donâ€™t even care, no we donâ€™t even care!

Bridge:

Damn we did it this time

Must have been out of my mind

Damn we did it this time

(Are we fucked up)

Must have been out of my mind

(Your fucked up)

Chorus:

Damn we really fucked up
We really really did it this time
We almost got away
Must have been out of my mind
But they kicked down the door
With guns raised in the air
Damn we really fucked up
And we donâ€™t even care,

No we donâ€™t even care
We donâ€™t even care
We donâ€™t even care
We donâ€™t even care

No we donâ€™t even care!
