**Title :** Screaming Silence

**Lyrics :**

Verse 1:

You can't say it didn't happen that way  
I was there, it didn't seem like you cared  
I will tell you how it all went down  
This is why, I give it one last try

Verse 2:

Your last comment began our decent  
At least I can pretend, when I don't understand  
If memory serves purpose, it over served me  
Crawling to the surface, I'm trying to breath

Chorus:

Until that moment when it came crashing down  
How can this silence scream so loud  
It was the saddest sound, could come from one  
Are we all done

Verse 3:

With sadness in your eyes, I stumble and fall  
How can I move on, when I can't move at all  
And if I could just see past and have it my way  
Instead I'm in this bottle, I get lost here for days

Chorus:

But until that moment when it came crashing down  
How can this silence scream so loud  
But until that moment when it came crashing down  
How can this silence scream so loud  
It was the saddest sound, could come from one  
Are we all done

(Guitar Solo)

Chorus:

But until that moment when it came crashing down  
How can this silence scream so loud

But until that moment when it came crashing down  
How can this silence scream so loud  
It was the saddest sound, could come from one  
Are we all done
