now and forever  
I'm never leave u  
I'm promise to u  
trust me honey, coz  
your my angel  
no girl like u  
I'm never stop  
for loving you

in my heart .. in this life  
i pretend there's only you

beside me i just wanna to make you happy  
without me i just wanna to feeling empty

make you happy  
feeling empty

now and forever
