**Title :** Without You

**Lyrics :**

Without You, i miss the days  
I spend life in a maze  
If i think about anyone else  
It could never be the same  
Without you, my life is gone  
My hope lost, sadness won  
And i'm hoping to win you back with one great song

Without you  
I dont wanna live another night without you

Without you, my lifes a game  
Restarting every day  
And i never wanna see anyone but you  
Without you  
I only cry  
My tear well's running dry  
Cuz i wanna be with you every day.
