**Lyrics :**

This is song â€™bout gangsterâ€™s life on the street  
Without future, walk with shameless and of course they always sick  
Bring a knife, stick and gun inside their jacket  
Smell from alcohol and look the eyes colour is red

Donâ€™t you know that I hate you?  
Donâ€™t too close with me coz I hate you!

What will you do?  
I donâ€™t think if what you have done are good  
What will you do?  
Thinking first before you act, I hope youâ€™ll never comeback  
before what you have done are good

when the night come gangster looking for the money  
do you now the way they get the money? Have you ever seen?  
With a knife, stick and gun they threat all people  
stealth it from the people and use it to drink and drunk
