Title : Scarlett Red Vs. Louie Blue

Lyrics :

its getting harder and harder to sleep
faced with this reoccurring dream
scratch that, i mean nightmare
its hard for me and i know you dont care
its getting harder and harder to sleep

this guilt is pounding in my chest
excuse me i have all on black, i must be overdressed
you say im way too organized
but you always find a way to make me lose my appetite

gravity always gets the best of you

its too bad i cant fly
your lucky i found this pen
because this razor would do just fine

this suit is strangling my throat
i can do without the oxygen but youre what i need the most
she collapses and the room noises slowly fade
and every wave in the pacific couldnt make this go away

im writing against whats left of my will
and where theres no will, theres no way out
my thoughts are bleeding through my temples
she lies on the floor where she wont be found
the light is off and the dark is on
the ambulance is closing in
the sirens are getting louder
it will all be over soon

the silence is ripped apart
footsteps at the edge of her door
a rescue team vs. one dead bolt
i think we all know who will win this war
shes falling apart on the inside
the outside is just pale and cold
she wakes up from her dream " i love you" she screams
i calm her down " just breathe" i love you...
