Title : Kyle's Overlydramatic

Lyrics :

kiss me kiss me she says
i always wanted to be with you
not him
i love you i love you she says
i take a shot but i know this game
i know i wont win
and i cant accomplish everything i want
i want you so bad, i need you so bad
so lets pretend that everything is ok
lets pretend the worlds a perfect place
and were going to make it through today

i hope he takes good care of you
inside i hope he chokes
i hope he remembers me as the one who onced loved you

sop it stop it she says
i promised on eveything
but i still did
i never meant anything i said
and dont you dare believe i did
and i wont forget every mark you left one me
they hurt so bad, i need them so bad
so lets pretend that everything is ok
lets pretend the worlds a perfect place
and were gonna make it through today

trust me trust me she says
its not like id do anything with him
she breathes the sigh and its all over
touch me touch me she says
i take a drink and i know shes never going to kiss me like
she once did
