Title : puppets king

Lyrics :

Here we go...

CORD: B5 C5 G5 A5

This story goes like this, don't blame me again
Its all you so take this blame
You are the cause so far in every way
I don't wanna see you wondering aroun'
Forget me, I wont trust you no more..

C5 B5 A5 G5 A5 A5 G5 A5 B5 C5
(you're so mean, I can't find a way to escape
You occupied my heart and then broke it all apart) * 2

Why do i need to trust you
You already broke my faith apart
I don't wanna see your face now
You direct me your opposite way

This new life proved so good
I don't need no girls now
I can forgive you now
I can't forget the reason, why!!!!

C5 B5 A5 G5 A5 A5 G5 A5 B5 C5
(Now I am happy, though this world sucks
I don't wanna be on your shoe) *2

I am well at what i am
I don't need no help you creep
I don't wanna find you in my dream, you know
I don't wanna fell your ill presence
My life has learn a lesson
So, you get out off my way..

My life is wild with smoke and drinks
My health is getting worse and worst
though I'm happy at what i do
I swear, I am feeling so good

C5 B5 A5 G5 A5 A5 G5 A5 B5 C5
(you're so mean, I can't find a way to escape
You occupied my heart and then broke it all apart) * 2

C5 B5 A5 G5 A5 A5 G5 A5 B5 C5

(Now I am happy, though this world sucks
I don't wanna be on your shoe) *2

Enjoy guy this is my finest song. .
I apologise because i am not able to edit any songs
but there will be sliver lining.. at the way end
but i promise it will be out in due time....
