Title : Mercy for Matador

Lyrics :

I got a game
I am not the matador
But believe me, I got to catch some kinds of horn
The horn..
The horn of my bitch

My uncle said me,
"If you can't fly with eagles run with chicken"
So i ought to do that

I got a bike
A real bike
She is my bitch
I like to call her my fiancee

She got a big heart
But I can't afford to refuel it
She got a sexy figure
I love every steps she move

I think she got an adams apple
So she produce hoarse sound!!
I am in some kind of dilemma
But my love will not fall apart

Yeah again by kamasutra(no1)
