Title : balled of lover

Lyrics :

Cords: A D B E

Everybody says, she is beautiful
Everybody says, she is marvolus
Everyone knows, what she likes
Everyone knows, about her life
And this is about a poor boi
Who says that he love her
And this is about a shy guy
Who knows that his heart beats just for her!!!

(Now he made this band
Then he wrote this song)* 2
And this is not the end
Cause that gal what him aswell
(Now he, shows the world
That he truly luv her)* 2
Everybody says that love is everything
No one could define love as anything
(Though the light glows to show her path
She embrace him as she knows the fact)* 2

This is a rhetorical song
