Title : Does This Mean Anything

Lyrics :

I didn't forgett you,
And don't think I would,
I wish that you'd get me,
But you never could,
So I'm writting this letter asking to come back,
Cause I'm sorry I left you and treated you bad,

But does this mean anything,
Does this mean anything,
How could this mean anything,

I remembered you'd wake up,
Head for the door,
And I said I can't take this place anymore,
So I'm leaving tomorrow,
I'm going home,
You said I'd forgett you,
But I know your wrong,

Does this mean anything,
Does this mean anything,
How could this mean anything,

This is a time in my life,
That I wish was shattered,
You could close the door,
I'd feel nothing again,
This is useless,
I am useless,
So close your eyes and forgett me,
Close your eyes and replace me,
Forgett me,
Replace me.
