**Title :** Take Your Jap Anime And Get The Hell Out Of Here

**Lyrics :**

You want to be the one that's makes a difference  
You make a difference  
When I can't find away out  
We'll find away out but if you find you way out please help me out now

I can't stop fighting oh my god  
I can't wait, I won't wait but I can't  
Hate you forever no I can't hate you forever

I want to be the one to make it easier for us and  
Be the one that you might finally trust

The sound of the trains  
Just like its crashing through these walls  
No it can't be stopped now no it won't be stopped now  
and if find your way out will you please help me out now  
It seems you found your way out from out of here and you won't help me

I can't stop fighting oh my god  
I can't wait, I won't  
I can't hate you forever no I can't hate you forever

I want to be the one to make it easier for us and  
Be the one that you could trust finally trust

THIS IS THE WAY THAT YOU START  
A FIGHT YOU SCREAM YOU CAN'T  
FAKE THESE WORDS I HATE TONIGHT
