Title : shots fired

Lyrics :

walk away from me shots will be fired
if u fuck with me shots will be fired
look at me in my eyes i dont need no lip
unless u want 2 eat a bullet
coming out of anger managment
i was doing very well and
they started a rage and
and it made 1st page
shots fired shots fired
thats what they said
so i had 2 get in
in that padded room
it just made me want 2 scream shot fired(3xs)
