Title : IN DOUBT

Lyrics :

One Wonder, Survives free of..
..Group conformations. But Master, just wants to bring us down.
Some triumph, some screw up.
But They just want a chance..

On hold up, Just what I want.
Get good, cuz time's what I got..
I'm right, You're Stupid!
Can't you not take the hint?

In doubt, for the flame of peace is out.
In doubt, for the flame of peace is out.

Bound and Gagged, at work all day,
My only fault, but what a shame..
Don't make me start, hey!
To really try to end this game. go!

You've got a backlash attached to ya, brotha'.
No serious-ness left for another..
You've got a backlash attached to ya, brotha'.
No serious-ness left for another..

In doubt, for the flame of peace is out.
In doubt, for the flame of peace is out.
In doubt, for the flame of peace is out.
In doubt, for the flame of peace is out.
