**Title :** Don't Forget The Past

**Lyrics :**

I won't take my diploma, cause in class  
I'm fuckin' sleeping and dreaming of a million things

Beautiful girl, I think of my bike and my life outta here  
I'm dreaming of my bass and my family when was holiday  
Dreamin' of the other things that remind me on the sea  
Like diving from the rocks with Toppy in Varigotti beach  
Fishing with Beppe and talking with Johnny and Da  
Watchin' movies till the sunrise with my cousin, but

RIT. Am I just wastin' time thinking back in my past  
When I am not living the present?  
One more time I'm not right  
(One more time I'm not right)  
But this time is not good as the last  
So don't forget the past

But now the dream is gone I want to go home holy shit  
To watch the photos of the summer with 'la Franzy? I was happy, yeah!  
But with Sara I was more, fuckin' happy like a dog  
Can't forget my old friends Dany, Mac, Ruffy, Summa and?  
Where'd you go you bastards, why s.mauro died?  
Why right now I'm alone like a dog in the week-end?
