

Band name : [The RipOuts](#)

Posted by [angryposer](#) on Sunday, March 12nd 2006 at 04:53 PM

at first i was just attracted to the ripouts' name. its cool and not been done. wen i first listened to the song "sick generation", the first thing i thought was- holy shit the singer totally sounds like jello biafra! the band itself sounds more like the sex pistols to me. u like? i like. very punk rock, guys.
